

The first West Virginia boy's basketball champion was determined in 1914 when Elkins defeated Wheeling in a game played at Buckhannon. The format of the tournament has changed many times over the years. From 1915 to 1929 the tournament was open for any team who wanted to compete. In 1930 the state was divided into 18 sections which held tournaments to determine which teams advanced to the state tournament. The number of sections was reduced to 16 for 1931. In 1933 the state was divided into 8 regions which were then sub-divided into 4 sections. The tournament was divided into two classes from 1922 to 1925, 1941 to 1942 and 1949 to 1958. The current three class alignment began in 1959. In the early 50's eight Class A teams and two Class B teams advanced to the site of the finals. The 1959 tournament was made up of four teams from each class. Class AAA was increased to eight teams in 1971 and the two lower classes were increased to eight teams in 1985. The listings in this program include the eight teams that were the quarterfinalists each year.

## State Tournament 1914 - 2009
