

Coaches

Do You Know Your Sport Rules?

During the 2005-06 sport season, coaches were tested on their knowledge of the rules of their sport. For all sports, coaches were asked to complete an open book examination and return it to the WVSSAC for grading. The results were sent to each coach and were not shared with any other source.

The purpose of this project is strictly educational. It is our intent to encourage coaches to become more familiar with the sport rules book and have a better working knowledge of the rules. It is suggested that the coaches involve the entire staff and athletes in answering the questions. This combined effort hopefully will improve everyone's knowledge of the game. A better educated participant will make for a more professional and rewarding experience.

The following list includes coaches in baseball, softball and track who participated in the testing experience. The WVSSAC commends these individuals for their willingness to become more involved in sport rules knowledge.
