GENERAL INFORMATION

- A. Attention is called to the importance of checking the bleachers to avoid overcrowding. This is a serious matter, and schools are urged to carefully check the bleachers to ascertain that they are in good condition and well supported. Every effort should be made to ensure that no concerted swaying movement of fans is permitted. Above everything else, do not overcrowd the bleachers and do not permit crowding in the exits and aisles. It is important that doors leading from the gymnasium be unlocked and unchained so that a quick exit could be made if necessary. High school tournaments have a good safety record in West Virginia. Let's keep the record untarnished.
- B. A space should be provided at the officials' tables for the following priorities in this order:
 1. The Official Timer.
 2. The Official Scorer (It is recommended that the official scorer wear a black striped garment and that his location be clearly marked.)
 3. An Assistant Timer may be used.
 4. Space for the scorer from each of the two participating teams at a place as near the Official Scorer as possible.
 5. Media representative if space is available.
- C. **Basketball Schedules MUST be online before the season begins and UPDATED weekly. When participating in a tournament the name of the school should be submitted. Failure to do so will result in \$50.00 fine.**
- D. **Schools wishing to recognize Cancer/Special Awareness Week may do so during Weeks 30-31.**

II. RULES AND REGULATIONS

- A. In Sectional, Regional or State Competition, each team may dress up to fifteen (15) players.
- B. It is recommended that the "Home Team" occupy the bench to the RIGHT of the official scorer as one normally faces the playing floor, whereas the "Visiting Team" should occupy the bench to the LEFT of the official scorer. Benches shall be located from the hash mark to the end line. **The HOME TEAM must wear white uniforms and the VISITING TEAM must wear dark.**
- C. Practice on a tournament site floor (sectional, regional, or state) prior to the tournament is permitted prior to the completion of the last regular season contest. However, if the tournament site is the home school of one of the participants, that team may practice on the site floor

excluding the three hours prior to the start of the game. The game director is to enforce the rule.

- D. **If the Sectional Tournament selects to play at the highest seeded team and the home site does not meet the requirements to host and/or is not available, the chosen site becomes the highest seeded home site. That team may then practice at the site. This would also include contest played during the Regional Tournament.**
- E. The warm-up for regional and state tournament games shall be limited to twenty (20) minutes. Should teams desire to return to dressing room, it must be during the 20 minute warm-up period. Each team will warm-up before each game at the basket and court opposite its bench.
- F. Teams will be required to take both sets of uniforms to sectional, regional, and state tournaments.
- G. The official basketball to be used on all sectional, regional, and state tournament games is the Wilson Evolution.

Please cooperate with these guidelines to allow us to provide first class accommodations.

The Board of Directors has approved the following state adoption:**
In the final championship game in each of the three classes for boys and girls basketball where a replay video monitor is available, the call on the court will stand unless there is clear and convincing evidence on a replay that the call should be revised. All game officials will participate in the review, if it is used, and the referee will have the responsibility of the final decision.
- A time out at or near the four minute mark may be called prior to the shooting of the first free throw if requested by broad cast media.**
- Network radio and television are allowed five (5) one-minute media timeouts per game including one in the first, second and third periods and two in the fourth period. If a coach calls a timeout prior to the four minute mark in a period the media timeout would be triggered. If a coach calls a 20-second timeout, the media timeout will still be taken and the team will be charged with a 20-second timeout. The media timeout will be called on the first dead ball occurring under 4-minutes on the game clock. If a shooting foul occurs on the dead ball, foul shots will be taken after the timeout is complete.

BROADCASTING - STATE TOURNAMENT

- 10. Information concerning all broadcasting and TV rights, live or delayed, may be obtained from Charleston Civic Center, phone 1-304-345-1500.

SEEDING - STATE TOURNAMENT

Method:

- Each coach upon winning the sectional tournament will be sent a ballot by fax on Monday of the regional tournament week. Schools advancing to the regional tournament will be listed on the ballot by classification. Class AAA schools will receive a ballot with only AAA schools listed and so on.
- Coaches will NOT rank their own school, however, they will rank the remaining fifteen (15) schools.
- A ranking of one (1) will indicate the highest rating while a fifteen (15) will indicate the lowest rating possible. A school will receive from 1 to 15 points based upon each rating they receive. Each school will have one of their highest and one of their lowest ratings eliminated.

- No ballot will be accepted if received after NOON on Tuesday of the regional tournament week.
- After all ballots are received and points accumulated, schools winning the regional tournament will be placed in the appropriate brackets. Of the eight winning schools, the school with the lowest accumulated point total will receive the number 1 seed and seeding will continue until all brackets are filled.

Example -- Points Accumulated	Regional Result	Seeding
School A -- 20 total points	Won	1
School B -- 27 total points	Won	2
School C -- 37 total points	Lost	_____
School D -- 48 total points	Won	3
School E -- 57 total points	Lost	_____
School F -- 63 total points	Won	4

- If two or more teams are tied, the following criteria will be used to resolve the tie:
 1. Head to Head Competition
 2. Total Number of Wins in Classification or Above
 3. Total Number of Wins
 4. Toss of Coin

Highest seeded team will be the Home Team.

- B. Entry Forms - It is recommended that schools use Entry Forms for each regular season meet. **The athletes grade level is required on every Entry Form.** Entry Forms are required for Regionals. Hy-tek entry will be accepted provided it includes grade level and all other information on WVSSAC entry form.
- C. Physical Examination - No student shall be permitted to participate in the program until he/she has provided the school with the WVS-SAC Physical Examination/Parental Consent Form properly completed by the physician and signed by the parent.
- D. Diving regulations: The following regulations are established in consideration of lack of facilities and in the best interests of safety of swimmers.
 1. To sponsor competitive diving, the school's participants (under the direction of the coach in regulation facilities) must have seven (7) sport specific (diving) practices.
 2. If both team diving participants have met the practice requirements and fulfilled all other eligibility requirements, the diving will be scored for both teams.
 3. If a visiting or home team does not sponsor competitive diving, diving may be included in the meet but only for exhibition.
 4. The diving event shall count as an individual event entry for the competitor regardless if the event is an exhibition or scoring event. If the diver also swims two individual events, the last individual event is a disqualification, and any other additional swims including relays are a disqualification for that swimmer/diver.
 5. For high school swim meets, member school athletes may not dive unless there is a 12 feet or more water depth.
- E. Water Depth Levels
 1. Diving will only be permitted in a water depth of 12 or more feet.
 2. If the water depth at the starting end of the pool is less than 4 feet, all swimmers must start in the water.
 3. If the water depth at the starting end of the pool is 4 feet or more, the starting platform may be a maximum of 30" above water surface.
- F. Facility
 1. End walls - It is recommended that end walls be finished with a nonslip surface that extends no less than .8 meters (2 feet 7 1/2 inches) below the water surface.
 2. Continuous lines 10-12 inches wide (25cm) and of a dark color shall indicate the middle of each swimming lane. These lines shall end 60 to 80 inches (1.5 to 2.0m) from the end walls and the last 10 to 12 inches of the line shall be at least 36 inches wide (.9144m) thus forming a broad "T". The center of each lane shall be indicated on the end walls by a 10 to 12 inch line extending vertically at least 3 feet 6 inches (1.0m) below the surface of the water. Markings on the finish pad and bulkheads shall conform to required markings on the end walls.
 3. The 16.4-yards/15 meter mark must be clearly visible on each side of the pool.
- G. Sportsmanship - Student participation in swimming meets is a privilege. Each student-athlete is expected to conduct himself or herself

in an exemplary manner while competing and representing their school.

- H. **Individual event entry times for regular season meets must be from high school meets (either during the current season or a prior season). Relay event entry times must be from high school meets during the current season.**

In facilities that have a warm-up and/or warm-down area, management shall provide supervision of the area at all times.

L. Rules for "Scratches"

A **scratch** is the withdrawal of a competitor from the meet once entered, prior to the start of the meet, or once the meet begins, from the remainder of their events.

A **declared false start** is the withdrawal from an event by a declaration to the referee prior to the start of the event. A declared false start counts as an entry toward the allowable number of events.

All competitors, once officially entered shall compete in all races, heats, and rounds of competition. In non-championship meets, a competitor who has been officially entered in an event but does not compete shall be disqualified from that event only. In championship meets (County, Conference, Regional, State), a competitor who has been officially entered in an event but does not compete shall be disqualified from further competition. He/She shall not be disqualified from events in subsequent rounds for which he/she has previously qualified. For instance, a swimmer swam in a preliminary event of a championship meet, qualifying for finals. In the second preliminary event in which he/she was entered, he/she failed to compete. He/She is disqualified from any further competition with the exception of the final for which he/she previously qualified.

Exceptions:

1. An illness or injury certified by a physician or the referee forces a competitor to withdraw - no penalty. This does count as a swum event.
2. A competitor can withdraw from an event with a declared false start. Notice must be given to the referee at a specified time - no later than the start of the event prior. This does count as a swim event.

To clarify the definition of "officially entered" - In all multiple team meets, a competitor is officially entered when the entry card is delivered to the meet manager at the specified time and place. (This means coaches may not submit entries for swimmers to the host team entering any swimmer in more than 2 individual and 2 relay events.) In other meets (dual meets), a competitor becomes a participant in events when the official entry card is delivered to the referee immediately after the announcement of the results of the preceding event.

M. Lap - Counters

1. The use of a visual lap counting system is optional although a visual lap counting device must be provided.
2. A visual lap-counting system for the 500 yard/meter freestyle event shall be required for each visiting swimmer's lane. For not providing an adequate number of visual lap-counting devices for each visiting swimmer's lane, the host team shall be disqualified from the event and the visiting team(s) shall compete to earn points. For not providing an adequate number of visual lap-counting devices for each host swimmer's lane, the affected swimmers from the host team shall compete without the use of the visual lap-counting device or a lap counter.

III. POINTS OF EMPHASIS

- A. Pre-season meetings are required for all swimmers. Coaches are encouraged to request parent attendance. Rules and sportsmanship should be emphasized.

2016-2017 Swimming Rule Changes

1-5-2, 3-6-1d: Deck changing has been defined as changing into or out of a swimsuit when wearing just one suit in an area other than a permanent or temporary locker room, bathroom, changing room or other space designated for changing purposes. Incidents of deck changing will result in the assessment of an unsporting behavior penalty.

Rationale: High school athletes should not be changing into or out of swimsuits except in designated changing areas.

6-4-1b: The protocol for determining an official time when a touch pad malfunctions on a lane was changed. Backup buttons and/or watch times, as outlined in the protocol, will now determine the official time.

Rationale: Research indicates that the current practice of calculating the average difference between the automatic and backup timing systems, and adjusting the backup time in the malfunctioning lane(s) does not improve the accuracy of the final time. Utilizing backup times without adjustment results in a final time that is just as accurate and avoids an exercise which is both time-consuming and difficult to perform during a meet.

8-2-4c: The final leg of the individual medley and the medley relay requires the swimmer to be at or past vertical toward the breast before any stroke, kick or propulsive motion.

Rationale: This language clarifies the required body position during the final leg of the individual medley and the medley relay.

9-4 Table: The Flying Back 1 SS (212) and the Flying Reverse 1 SS (312) have been removed from the NFHS Diving Table, while new dive (5142) has been added.

Rationale: The added dive is an intermediate step to performing more difficult dives listed on the diving table.

9-5-5: The balk has been more clearly defined and should be called when a diver assumes the starting position and he/she makes an obvious attempt to start the approach or press, and stops the continuous execution of the dive prior to the water entry.

Rationale: This rule change adds clarity and consistency to the balk call, requiring a diver to actually commence, then stop the dive.

9-7-5q: When using the forward approach, a dive is failed if, in the diving referee's opinion, the diver performs an additional bounce(s) on the end of the board after the culminating hurdle.

Rationale: The forward approach shall begin with not less than three steps and finish with a hurdle, defined as a jump off one foot to a landing on both feet at the end of the board. The diver should not be permitted to do an additional bounce prior to the take-off.

I. GENERAL INFORMATION

A. Weight Management Program Policy and Procedures

Note: The Sports Medicine Committee recommended and the Board of Directors approved the recommendation that assessors/doctors use the following skin fold allowance when completing the Certified Minimum Weight Permit Form:

7% High School Boys	9% Jr. High Boys
12% High School Girls	14% Jr. High Girls

- There will be a two-pound growth allowance after December 24th. A wrestler who competes for the first time at a lower weight class before or after December 24th must make base weight at the site of the competition during the official weigh-in. However, he or she can compete at the next higher weight class after making base weight at the lower weight class.
- For weight management/assessment information refer to WVSSAC Weight Management Program policy and procedure. Information was mailed in the coaches packet and can be accessed on-line at www.wvssac.org.
- After being assessed for minimum wrestling weight, the first time an athlete wrestles at their minimum wrestling weight, they must make base weight. They may not weigh-in at their minimum weight until the date indicated by the Alpha Report. **Note: If a wrestler's Alpha date is January 15th, from that point on he must weigh-in 50% of his matches at his minimum weight. In other words, with the same Alpha date, he can't wait until the last match of the season before regionals to make alpha minimum weight, after he's wrestled the other 10 matches at a higher weight on and after alpha date.**
- High schools must have information on-line with The NWCA Optimal Performance Calculator Program by December 23rd. High schools that do not have information on-line by December 23rd will be fined \$50.00.

B. Weighing In

- Contestants shall have the opportunity to weigh in, shoulder-to-shoulder, one hour before the time a dual meet is scheduled to begin. When a preliminary meet is followed by a varsity meet, the weigh-in period for the second meet may, by mutual consent, precede the preliminary meet. **The weigh-in shall be conducted at the dual meet site.**
- The referee or other authorized persons (e.g., both coaches from the participating schools, athletic directors, school administrators, or tournament personnel) shall supervise the weigh-in for dual meets or tournaments.
- Contestants shall weigh in at the tournament site two hours before the first session each day. NOTE: The tournament officials shall establish the weigh-in time.
- When there are consecutive days of team competition, there shall be a one pound additional allowance granted each day for all wrestlers. In order to be granted this one-pound additional allowance, a minimum of 48 hours advance notice is required for your opponent(s). A wrestler must make base weight the first weigh-in to get any weight allowance. All wrestlers must weigh-in each day of the event. No more "night before" weigh-ins.
- A contestant who is to represent his/her school in a tournament shall be named by weight class prior to the conclusion of

the weigh-in.

- All contestants (male and female), including heavyweights, shall weigh in wearing a suitable undergarment that completely covers the buttocks and the groin area. Female contestants must also wear a suitable undergarment that covers their breasts.
- Coaches must have in their possession their team's NWCA "Alpha Report" at all competitions.**
Duals, Tris & Quads - Coaches must exchange NWCA generated Weigh-In Reports with opposing coaches.
Multi-Team Competitions: All coaches are to submit their NWCA-generated Weigh-In Report to the Tournament Director. The Director will return copies of all schools' Weigh-In Reports to each coach at the end of the competition. Failure by coach to provide weigh-in reports will result in their team not being permitted to participate.
- Weigh-in guidelines for dual meets, triangulars, quadrangulars, and regular tournaments.** All wrestlers must be present at the beginning of the weigh-in period. Exceptions must be approved by the meet administrators as being valid, having nothing to do with weight-loss purposes.
When weighing in, if a wrestler does not make weight on his first attempt, he must immediately step on the scale a second time. Should the wrestler still not make weight, he may immediately weigh-in ONCE on any other scales used for the weigh-in. If he does not make weight, he must move up or not wrestle. A wrestler may use the restroom prior to his weight class weighing in with official approval and supervision by authorized personnel.
- Important Note:** In reference to multiple dual meet tournaments, if a team does not wrestle until 2 p.m., it will weigh-in at noon (the two-hour limit before a team competes). Should a team want to weigh-in with teams who are weighing in earlier, it can. However, a team can only weigh-in during one weigh-in period, either its assigned time or an earlier weigh-in time.
- When being weighed in, the wrestler will stand erect facing the scales. Also, this area will be closed for efficiency in handling the weigh-ins.
- Female wrestlers will weigh-in just prior to or after the male wrestlers. A female attendant will conduct the weigh-in. If another certified set of scales is available in the facility, the female weigh-in may occur at the same time as the male contestants.
- Any wrestler making base weight after December 24th must make base weight at the site of the competition during the official weigh-in. The official will sign the team's Alpha Report form with the exact weight noted.

C. It is strongly recommended that wrestling coaches dress in a professional manner during contests.
