WHO IS THE WVSSAC

- We're an independent, non-profit organization.
- We operate under a Board of Control, made up of 265 secondary schools in WV. Our members propose, vote on, and pass rules. Each school has a vote.
- Our members are principals representing every middle and high school.
- The State Board of Education approves rules after our member schools vote on them. The WVSSAC administrative staff then executes and enforces those rules.
- More than 50,000 students participate in interscholastic athletics at all levels under WVSSAC jurisdiction.

DEVELOPING LEADERS TODAY.. ...AND INTO THE FUTURE

Students involved in high school-based activities are less likely to drop out than the general student body.

Those who participate in activity programs are less likely to have discipline referrals than the general student population.

Students involved in activities average fewer absences per year than the general student body.

Activity participants go to achieve higher grades in college than those who did not participate.

School activities help with skills such as cooperation, teamwork, citizenship, motivation and self discipline as part of the overall learning experience.

95% of Fortune 500 CEOs have one thing in common: participation in extracurricular activities while in high school.

Participation in extracurricular activities provides all students a measurable and meaningful gain in college admission test scores.

The first West Virginia boys' basketball champion was determined in 1914 when Elkins defeated Wheeling in a game played at Buckhannon. The format of the tournament has changed many times over the years. From 1915 to 1929, the tournament was open for any team who wanted to compete. In 1930, the state was divided into 18 sections which held tournaments to determine which teams advanced to the state tournament. The number of sections was reduced to 16 for 1931. In 1933, the state was divided into 8 regions which were then sub-divided into 4 sections. The tournament was divided into two classes from 1922 to 1925, 1941 to 1942, and 1949 to 1958. The current three-class alignment began in 1959. In the early 50's, eight Class A teams and two Class B teams advanced to the site of the finals. The 1959 tournament was made up of four teams from each class. Class AAA was increased to eight teams in 1971 and the two lower classes were increased to eight teams in 1985. The listings in this program include the eight teams that were the quarterfinalists each year. The first line for each year gives the results of the championship game. The second line shows the two teams which were defeated in the semi-finals. The third and fourth lines indicate the four teams that were defeated in the quarterfinals. Teams that did not advance to the site of the finals are in parentheses.
